Beyond serving as an Officer, there are a number of other ways to get more involved in and influence the union:

BECOME A STEWARD

- EAA Stewards are voluntary Union leaders at each worksite, who can assist with grievances, communicate Union messages, and organize new members. If interested in becoming a Steward at your worksite, contact EAA's Member Relations Specialist, Steven Siguenza, or visit the Resource page at eaunion.org to [download the Steward Nomination Form](#).

JOIN A COMMITTEE

- Committee members are appointed by the Board President and fulfill various functions. There are several committees with vacancies, listed [here](#). If interested in serving on one of these Committees, contact the Board President.
