

2023 Unit Council Candidate Statements

James Cassley
Unit Council MOU 19

Hello,

After my college education, I started my City career in 1986 with the Department of Building and Safety as a Building Mechanical Inspector. I transferred to the Department of Public Works, Bureau of Contract Administration in 1993. My career path has taken me to a management level position in our Wastewater Division where I manage our Collection System Construction Inspection group.

As a supervisor, I've always cared about my employees, as they help make LA City the great city it is. I've always made employee development and the protection of their rights a priority.

As an EAA member for over 21 years, I have served as a union steward early in my career and most recently as a MOU 19 Unit Council member when there was a vacancy earlier this year. It's been a privilege serving and supporting our MOU 19 members and I look forward to continuing to represent our members for a full term on MOU 19 Unit Council. I really enjoy helping our members and I'm asking for your vote to continue to help them.

Thank you.
